

IIC INDUCTION

The induction process of Idea Club will start to induct into the domains like cs-electronics, chemical, mechanical and management.

The total induction process is of four stages

- (i)- Online Test
- (ii)- 1st PI Round
- (iii)- 2nd PI Round
- (iv)- Final PI Round

(i) Online Test

An online test of 50min will be conducted. It will cover all the basics related to electronics, coding, chemistry, physics and aptitude.

Rules:-

- Aptitude section is the compulsory section.
- You need to choose any one domain of interest.
- Multiple domains are not allowed.
- You will be signed out of the test and the induction process if you switch or visit any other website during the test.

Date of Test:- 26th March

Time of Induction:- 7:30PM

Candidates clearing the online test will further be selected for PI rounds.

PI ROUND

It will be a interview round where the basic knowledge will be tested. The candidate should prepare themselves for the questions related to the basics, projects or ideas.

Do your best to get ready for the test.

"ALL THE BEST"
